

Recruitment - Logistics - Recycling

ENCOMPASS SOLUTIONS NETWORK

Encompass Solutions Network is a collective of well-established North East companies, set up with the aim of creating seamless business solutions to help your organisation prosper. From recruitment, pallet services to commercial waste and recycling we've got you covered!

Pin Point Recruitment has over 25 years' experience finding talent and building careers, across a multitude of industries and sectors, throughout the UK.

Working with some of the largest manufacturing, automotive, logistics and distribution companies, supplying staff on a temporary, fixed term and permanent basis. Our database, network and industry knowledge allow us to create seamless recruitment solutions to reduce the time to hire.

Jaymac is a prominent provider of customer services in the industrial and retail sectors of the pallet industry. With operations spanning across four sites in the North East and a familial legacy spanning two generations, Jaymac specialises in pallet procurement and disposal, bespoke timber and crate manufacturing, as well as ancillary services such as storage, logistics, fulfilment, and repackaging.

Our diverse range of services has enabled us to establish a proven track record of meeting the needs of clients of all sizes and scales, consistently delivering professional services with an unwavering focus on your business satisfaction.

The regulations for handling and disposing of waste can be complicated, but dealing with recycling, arranging hazardous waste disposal or renting a cardboard baler to deal with your waste doesn't have to be – if you use Inspire Waste Management.

If you deal with multiple companies to dispose of different waste streams, you no longer have to. There's just one place to go to for everything, whether you need a waste management consultant or simply dispose any of your waste..and that is Inspire Waste Management!
